v) Construction of Metro Station (Kalupur Metro Station) in Open land and railway station

Subject to the following conditions:-

a) Mitigation measures to be taken care of at the time of construction

b) Disclaimer should be removed from the present report

c) The whole work should be done under the supervision of ASI

d) A Joint Committee shall be set up under the Chairmanship of the Regional Director (West) of Archaeological Survey of India (ASI) which will include technical experts CEPT Research and Development Foundation (CRDF) and officers of Metro Rail Corporation Ltd. (MEGA). This Committee shall monitor the proposed works and shall ensure all possible measures which are required to be taken for the safety of the 3 monuments in question. A monthly report on the progress of the project shall be submitted to NMA and Director General, ASI.

e) Threat to the historic monuments during various stages of construction/post construction is the concern expressed repeatedly, as also the need to monitor this effectively on real time basis. For this purpose MEGA shall install monitoring equipments on all protected monuments along the proposed route capable of measuring vibrations, structural impacts when the construction activities are on and during the metro operations. This should be done in association with the proposed joint committee.

f) MEGA should set up a separate fund for the purpose of heritage promotion and campaigning for the heritage sites/buildings of Ahmadabad; this should be used for facilitation centres, establishing small museums of display units, to display the archaeological remains found, if any, during the construction activity, developing facilities or amenities around the protected monuments concerned and so on. The size and nature of such a fund may be suggested
by a Committee consisting of officers from NMA, ASI, MEGA and other stakeholders, and such a Committee may also suggest the works to be taken up and monitor the same. This Committee will be formed immediately, headed by Regional Director (West), ASI and the officers to be nominated shall be senior officers of the level of at least Director rank. This Committee can also examine the best practices followed at other places for drawing up their plans.

g) The area around the proposed entry and exit gates of the metro stations near the protected monuments shall be designed and developed to create a planned and pleasant environment. For this purpose, advice may be taken from local eminent architects.

h) The facades of entry and exit gates shall be in consonance with the art and architecture of the respective nearest protected monuments.

i) The interior of the metro stations near the protected monuments shall reflect the art and architecture of their periods.

j) The metro stations falling on the proposed route should have special photo galleries/maps and information kiosks promoting the heritage and history of Ahmadabad walled city and outer walled city.

k) Necessary sanction prior to carrying out the proposed construction, may be obtained as per the local laws from the local authorities.

l) A certificate will be submitted to the Competent Authority on completion of proposed construction that all the conditions of the permission have been complied with.

m) MEGA shall support, cooperate and participate in all activities and programmes of ASI, which are helpful in preservation, conservation, security, up-keep and maintenance of the protected monuments of the locality.
