After perusal of the application, it was decided to **recommend** grant of NOC for ground+1 floor with total height of 8.80 mtrs (including mumty, water storage tank, parapet etc), with total floor area GF=FF=90.37 sqm.

Case no. 91

(Sh. Gagan Harjal s/o Sh. Janak Raj Harjal, Khalinga Park, Parwadun, Sahestradhara Road, Dehradun, Uttrakhand)

After perusal of the application, it was decided to **recommend** grant of NOC for ground+1 floor with total height of 9.40 mtrs (including mumty, water storage tank, parapet etc), with total floor area GF=74.90sqm., FF=51.79 sqm.

Case no. 92

(Sh. Pooran Singh Dangwal s/o Sh. Padam Singh Dangwal, Adhoiwala, Parwadun, Sadar, Dehradun, Uttrakhand)

After perusal of the application, it was decided to **recommend** grant of NOC for ground+2 floors with total height of 11.13 mtrs (including mumty, water storage tank, parapet etc), with total floor area GF=136.27 sqm., FF=104.28 sqm., SF=93.93 sqm.

Case no. 93

(Uttarakhand Tourism Development Board (UTDB), Pandit Deen Dayal Upadhyaya Paraytan Bhawan, Near ONGC Helipad, Garhi Cantt. Dehradun, Uttrakhand)

&

Case no. 94

(Uttarakhand Tourism Development Board (UTDB), Pandit Deen Dayal Upadhyaya Paraytan Bhawan, Near ONGC Helipad, Garhi Cantt. Dehradun, Uttrakhand)

The applicant of Tourism Department has presented the above two proposals; one from Lakhamandal and another Hanol area. After going through the proposals, it has been decided to ask the applicant to change the proposals for both prohibited and regulated areas and submit a fresh proposal/comprehensive plan considering the restrictions of prohibited area as well as aesthetic value of both the temples.

In the decisions of the following three(3) NOC applications, the ~~minutes~~ minutes have been typed inadvertantly while recommending / rejecting the cases.

These are as follows :—

Case NO - 67 : Sh. Sandeep Mishra, Gwalior, MP

→ In the minutes, the case has been rejected as one of the reasons is that the proposed area falls under prohibited zone, while the area is beyond prohibited zone and at a distance of 240 m (as per Form II) from the protected limit. Hence, the only reason for rejection would be that the applicant has already carried out unauthorized construction. ~~there is a PIL matter~~ In this case ~~of~~ Hon'ble High Court, MP. And ASI may take necessary actions as per the order of court.

Case NO. 90 : Smt. Saroj w/o Sh. Sundar, UK

→ In the minutes, the case has been recommended with total height of 8.80 m inclusive all; with floor area GF = FF = 90.37 sqm and inadvertantly the mumty area = 280.312 Sqft has been added to that, while there is no information about mumty area in the Form-II of the applicant.

Case NO. 91 : Sh. Gagan Harjai S/O Sh. Janak Raj Harjai, UK

→ In the minutes, the case was recommended for G+2 floors whereas, in the Form II & inspection report, the work proposal was for G+1 with the height of 9.40 m inclusive all.

Hence, these three NOC applications may please be considered accordingly.

After perusal of the application, it was decided to recommend grant of NOC in this case for construction of Basement+Stilt+4 Floors with the total height of 18.00 mtrs. including mumty, water storage tank, parapet etc., with the area of Stilt=GF=FF=SF=TF=176.21 sqm. and basement area is 176.21 sqm. with depth of 3.05 mtrs., as the construction site is at a distance of 265 mtrs. from the nearby protected monument.

Case no.38

(Shri Jatin Gupta, Smt. Anita Gupta, Shri Lalit Gupta, Shri Hitesh Gupta and Shri Rajkumar Gupta, C-9, Green Park Main, New Delhi)

After perusal of the application and affidavit submitted by the applicant, it was decided to recommend grant of NOC in this case for construction of Basement+Stilt+4 Floors in the regulated area with the total height of 18 mtrs. including mumty, water storage tank, parapet etc., with the area of Stilt=GF=188.11 sqm., FF=SF=TF=185.79 sqm. and basement area is 152.82 sqm. with depth of 3.05 mtrs. The basement would be allowed after leaving the 200 mtrs. area from the nearest protected limit of the nearby monument.

Case no.39

(Smt. Pravinaben Virendra Solanki, Daman & Diu)

After perusal of the application, it was decided to recommend grant of NOC in this case for construction of Ground + 1 Floor with the total height of 7.35 mtrs. including mumty, water storage tank, parapet etc., with the built up area of GF=68.29 sqm. and FF=80.01.

Case no.40

(The Chief Officer, Prantij Nagar Palika, Prantij Dist. Sabarkantha, Gujarat)

After perusal of the application, it was decided to recommend grant of NOC in this case for construction of Ground + 1 Floor with the total height of 11.91 mtrs. including mumty, water storage tank, parapet etc., subject to submission of floor area plan to the C.A., Gujarat.

Case no.41

(Shri Hemantlal Laxmidas Jogiya, Amar Jewelers, Nr. Union Bank, M.G. Road, Porbandar, Gujarat)

After perusal of the application, it was observed that the applicant has already constructed the building without permission. Therefore, it was decided to confirm with CA, whether any show-cause notice was issued to the applicant for carrying out construction without prior approval and if not, show cause notice must be issued immediately and the reply received from the applicant be sent to NMA.

Case no.42

(Smt. Kanta Kumari, Rajasthan)

After perusal of the application, it was decided to recommend grant of NOC in this case for construction of Ground Floor with the total height of 12 feet excluding mumty, water storage tank, parapet etc., with area = 50′ x 50′ (as per form I).

Case no.43

(Smt. Raj Kanwar, Rajasthan)

After perusal of the application, it was decided to recommend grant of NOC in this case for construction of Ground Floor with the total height of 14 feet excluding mumty, water storage tank, parapet etc., with area = 22′ x 25′ (as per form I).

Case no.44

(Shri Babu Singh Parmar, Rajasthan)

After perusal of the application, it was decided to recommend grant of NOC in this case for construction of Ground Floor with the total height of 11 feet excluding mumty, water storage tank, parapet etc. with area = 10′ x 16′ (as per building plan).

Case no.45

(Shri Vishnu Kumar Mittal, Rajasthan)

After perusal of the application, it was decided to recommend grant of NOC in this case for construction of Ground Floor with the total height of 10 feet excluding mumty, water storage tank, parapet etc. with area = 40′ x 48′ (as per building plan).

Deferred Cases

Case no.01

(Shri Mohammed Sajid Mohammed Hussain Khalifa, Shri Umerdaraj Sarfudin Shaikh, Gujarat)

After perusal of the case and considering it as an unauthorized construction, it was decided that imposing penalty will not suffice as the applicant has completed the construction without permission. Therefore, the applicant should demolish the unauthorized part of the building.

Case no.02

(Mahesh Chand Khushwah, Rajasthan)

After consideration of this case, it was decided to check with CA whether the applicant has replied back on the demolition notices for removing the unauthorized construction as issued by ASI.

Case no.03

(Shri Jivraj Mohan Raparka M/s Chamunda Constructions, Maharashtra)

After perusal of the revised building plan submitted by the applicant, it was noted that the building plan is not suffice to provide the clarification on the part of the building which falls in prohibited area. Hence, it was decided to ask the applicant over phone for a new building/floor plan leaving the prohibited area of the nearby protected monument.

Review Cases

Case no.01

(Sh. Laxman Das, Agra)

After perusal of this case, it was decided that the C.A. should be asked to explain the reasons for reviewing his earlier decision, rejecting the case.

Case no.02

(Rupesh brahmbhatt, M/s Safal Construction Pvt Ltd, Safal House, Ahmedabad, Gujarat)

After perusal of the Impact Assessment Report of the protected monument, Sidi Syaiyad Mosque, it was decided to recommend grant of NOC in this case for construction of 2 basements in continuation to earlier recommendation of NMA in this case.

Case no.03

(Thiru S. Shiva Subramanian, Tamil Nadu)

After perusal of this case, it was decided to ask C.A. to submit the details of the minor changes in floor area as proposed by the applicant.

Case no.04

(Dr. Narinder Kaur Dhaliwal, Plot No. 3, Shivala Bhaian, Batala Road, Amritsar, Punjab)

After perusal of this case and representation submitted by the applicant, it was decided to recommend grant of NOC in this case for construction of Basement+Ground Floor+5 Floors with the total height of 75'0" including mumty, water storage tank, parapet etc., and floor area of GF=FF=2233.11 sqft., ST=TF=FF=FF=1407.72 sqft.

Meeting held in 2nd half of 17th December, 2014 with the Regional Director (Northern Region), ASI and other officials from Agra Circle, to discuss Categorization of monuments under Agra Circle.

Comments on the categorization of Agra circle by WTM & 2 PTMs

1. The Heritage Zone is not a ASI classification or a category notified under the AMASRA Act/ rules. While some outline of a kind of a zone, sans guidelines or physical limits, exists with the ULBs in Delhi, NMA has to come up with clear and well defined set of guidelines along with a rationale. Declaring a category entails an understanding of the obligations for the stake holders and participating agencies, mainly and mostly the State governments and within the state setup, autonomous public institutions. For all such matters there is a set procedure with the central government for a consultative process with the states and related institutions which needs to be followed. NMA would be well advised to deliberate on the process of this consultation.

2. The concept/definition of Heritage Zones needs to be clearly elucidated so that the understanding of it remains the same for those reading the document and those who have to take it further in their respective zones/areas. The Heritage Zones identified for Agra Circle should be adequately justified. Clubbing two-three monuments based on the overlap of only their regulated zones does not justify their qualification as a heritage zone with no other heritage resource potential in the zone.

3. Identified heritage zones are to be properly marked/delineated on maps (Google or others as available). If NMA wishes to propose to the concerned development authorities of cities like Amroha, Muzzafarnagar etc., to incorporate these in the city master plans, these should be adequately delineated and justified. Otherwise these will be left as a mere suggestions thereby diluting even those zones that have the tacit acceptance of ULBs.

4. NMA needs to think of the larger issue of the jurisdiction of these heritage zones. Who will administer these areas? This issue has been raised by Members earlier on as well. The Authority is discharging statutory role and function. The directions, even in the shape of guidelines, need to be legally enforceable within the notified areas/zones.

5. Categorization is a mandated charge of NMA. Therefore the whole exercise has to be undertaken with due diligence and with full justification. Categorization of Delhi is certainly different than categorization of monuments in other cities. For one, Delhi heritage zone concept has been accepted if not authored by the UL agencies of Delhi, In the case of other cities, the concerned agencies have to be taken on board. Even with Delhi categorization, there is a need for further elucidation.

6. As a regulatory authority, while we are proposing extension of a regulatory frame work to be implemented by the ULBs in the proposed HZ, there is also a risk of creating concurrent and reverse jurisdiction of ULBs for the zones which would then also include and cover prohibited and regulatory areas. These are, as of now, exclusive domain of NMA. This can create an anomaly leading to unforeseen problems.

7. The Members would also like to see the maps of the delineated heritage zones followed by site visits if required, for approval of the identified heritage zones.

8. In the case of Agra, the ASI officials present in the meeting on 17th Dec had no idea or clue about categorization. In the ensuing discussions, they were emphasizing upon evolving of a mechanism to ensure that the violations in the prohibited and regulated areas are effectively dealt with. While this is a genuine concern, it has nothing to do with the issue of categorization.

While it is appreciated that categorization needs to be addressed in right earnest, keeping in view the long-term impact of such decisions, application of mind, consensus and sufficient documentary support is essential so that these stand the legal scrutiny.

Accordingly, we may agree to the categorization of Agra from I to VI categories. So far as categories VII and VIII are concerned, there is a need for further information/examination as stated above to enable the Authority to arrive at an informed decision that stands the test of legal and administrative scrutiny.

1. Sd/- Mr. M. Saleem Beg
2. Sd/- Ms. Shalini Mahajan
3. Sd/- Dr. Pukhraj Maroo

Chairperson's comments:

The issues raised above have been discussed at several meetings in NMA where Members were present, as also outside experts from DDA, SPA, AKTC, INTACH, etc. Members are advised to refer to sections 4 and 6 of Heritage Bye Laws prepared by AKTC of Heritage Zone - Humayun's Tomb Complex on NMA website. Since Categorization of monuments under Agra Circle cannot be finalized in piecemeal, it should be kept in abeyance to give Members time to examine it further and finalize it within a month. Dr. O.P. Mishra, Consultant (Archaeology) will assist Members in the matter.
